Free H1N1 Vaccination Clinic!

The Pulaski County Health Department will be hosting its first Mass H1N1 Vaccine Clinic on Saturday November 14, 2009 at the Winamac Community Middle School Gym. The Clinic will start at 10:00 am and run until 3:00 pm or 'till vaccine supply has run out.

Entrance will be at the High School Cafeteria. Parking will be in the High School Parking lot or the Elementary School Parking lot. Handicap individuals will be directed to a separate entrance.

Suggested target groups are; Pregnant Women, persons 6 months – 24 years of age, Care givers of children less than 6 months of age, Health Care workers and emergency medical persons, and persons less than 64 years of age with chronic illness.

The Pulaski County Health Department has been actively vaccinating those students at the West Central and Eastern Pulaski School Corporations in the past weeks. All Students that indicated have been vaccinated! Healthcare workers have also been actively been vaccinated.

Anyone in these groups that have not received their vaccine should come to this clinic. Questions? Please call the Health Department 574-946-6080.
